

Get Your Students into Insects!

Young people are excited by these interesting creatures and the first Go Zone Junior topic this year Ladybugs and Helper Insects will really motivate your students with the main focus helper insects in our gardens.

This topic will include:

- What an insect is
- Differences between spiders and insects
- Ladybirds and the different types living in New Zealand
- The life cycle of a ladybird
- Honeybees and how they help plants and people
- Bumblebees and praying mantis

Each page has teacher notes in smaller print at the bottom of each page which includes how to use the page, extra classroom and outside activities and discussion questions.

Secure your order today; contact NiE now.

LA: Living world

Achievement Objectives

Life Processes

- Recognise that all living things have certain requirements so they can stay alive.

Ecology

- Recognise that living things are suited to their particular habitat.

Evolution

- Recognise that there are lots of different living things in the world and that they can be grouped in different ways.

BONUS!

Teachers ordering a class set receive a free class set of newspapers and free teachers' notes!
